

MYANMAR

IN THE AFTERMATH OF

CYCLONE NARGIS

Come learn about the situation in Myanmar (Burma) from Davis resident Max Harrington, who was in the country when Cyclone Nargis hit on May 3.

Max will discuss the response of non-profit groups such as the MCF (Myanmar Children's Foundation), which he co-founded in 2007, to Nargis, which killed over 140,000 people.

He will also discuss the challenges of the relief and rebuilding efforts, as well as the Foundation's continuing work sponsoring children and teachers in poor rural areas of Myanmar. Find out what you can do to help!
